Copyright: The copyright of all papers presented at meetings by Fellows of the Society or Members of Sections shall be deemed to be the property of the Society until a decision has been made by the Society in regard to their publication, and if the Society should decide to publish them the copyright therein shall remain the

property of the Society. This does not apply to papers previously published. If such decision shall not be given within sixty days from the receipt of a paper by the Honorary Editors, the author shall be at liberty to publish the paper elsewhere than in the Society's journal.

Requests for subsequent publication elsewhere should be made to the Honorary Editors, Royal Society of Medicine.

WRIGHT'S

OF BRISTOL

New Books

Urology for Nurses

336 pages.

200 illustrations.

by John P. Mitchell

Covers the surgical aspect of urology. This book will be of interest to all nurses. Recent advances are described in detail and there is enough information to make it useful to the operating theatre staff.

February 3

Price 19s. 6d., post 1s.

Electrocardiograms: A Method of Reading them

72 pages.

91 illustrations.

by M. L. Armstrong

Provides a logical sequence to observations which should lead with certainty towards correct diagnosis. The author describes and illustrates the method which he himself adopted.

February 9

Price 17s. 6d., post 9d.

The Technique of Relaxation (Self-relaxation)

68 pages.

Accompanied by a double-sided record.

by H. Kleinsorge and G. Klumbies
translated by M. L. Walker

Gives doctors and students an introduction to the technique of relaxation and provides a practical demonstration.

April

Price 35s. 0d., post 10d.

A Radiographic Index

96 pages.

Second Edition.

by M. Goldman, D. Cope, and R. S. Miller

This handy volume has proved itself an invaluable aid to the radiographer and to many trainee radiologists and the Second Edition has been completely revised and brought up to date

March

Price 13s. 6d., post 6d.
